

2:25 pm
Saturday 9/24/83

Dear SPF:

I received the 9/21 NEWS today and enjoyed your article about
Catskill Area High School.

No doubt you would be interested in appearing at a "local
history seminar" filled with soon-to-be voters.

My own teaching seems interesting and possibly challenging this
term. As usual, I wish to temper this statement by proclaiming my
desire for independent wealth and complete freedom from day-to-day
work. This seeming unlikely, I will continue to celebrate my
relative ease and good fortune.

My trip was wonderful. Final count was 1475 miles, and 15¢ on
the last day, Troy NY-NYC.

A friend may call you about macrobiotic cooking courses she is
teaching in your area. Perhaps this would be an interesting
feature for your paper in the event of an otherwise featureless
week.

Life is not at all dull here. Hope ditto for you (I am quite
sure your life is not dull. Heaven forbid.).
